Mason County's Oakview MEDICAL CARE FACILITY

The Oakleaf

Oakview Medical Care Facility April 2022

Dear Oakview Family:

As of March 21, 2022, Mason County's positivity has dropped to 5.88%. This continues to be a trend in the right direction! Oakview remains in outbreak status related to a COVID positive employee. We continue to follow the guidelines and infection control protocols to keep everyone safe!

There is updated COVID-19 Visitor Education and Instruction, Form 3-228. This updated form is located in the main front lobby next to the kiosk and in the SLC visitor entrance-next to the kiosk. Please take a moment and read the updated form.

Also, the Kiosk questions have recently been updated to align with CDC updates. The questions are as follows:

- **Are you experiencing any of the following: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, congestion or runny nose, nausea or vomiting, or diarrhea? Taken any medication(s) that could mask listed symptoms?**
- **I UNDERSTAND that I am required to report a new COVID-19 positive diagnosis or close contact (within 6 feet of a COVID-19 positive person for a total of 15 minutes within a 24-hour period) to the Infection Preventionist and follow instructions for entry/return to work.**
- **I UNDERSTND that I should not visit IF I HAVE SYMPTOMS of COVID-19, a recent (within last 10 days) positive test or close contact with someone with COVID-19.**
- **I have been educated regarding requirements for safe visitation. Please pick up the education information at this desk and click yes.**
- **I understand the risks of exposure in the facility, especially in times of high community transmission or an outbreak, and that a failure to follow visitation guidelines could result in losing my visitation privileges.**
- **Are you up to date with the COVID Vaccine, including the recommended booster?**

Please take care!
