

OAKVIEW MEDICAL CARE FACILITY

MARCH 2024

Oakview is in the process of switching television providers.

In the near future the new provider will be Direct TV. The same great channels will be available.

A channel guide and house channel will be new to us.

Residents will be provided with a hard copy of the channel list.

Friendly Reminder.....

When taking a loved one out of the facility it is crucial that you come into the facility and sign your loved one out at the nurses station.

Upon return, please come back into the facility with your loved one and sign them back in at the nurses station.

-Thank you

March is National Social Work Month

Celebrated each March, National Professional Social Work Month is an opportunity for social workers across the country to turn the spotlight on the profession and highlight the important contributions they make to society. The theme for Social Work Month this year is **“Social Work Breaks Barriers.”** Our nation’s more than 600,000 social workers have amazing tenacity and talent. They confront some of the most challenging issues facing individuals, families, communities and society and forge solutions that help people reach their full potential and make our nation a better place to live. Oakview is very fortunate to have a dedicated Social Services Department available to help and support the residents and family members. The three members include Mary Jo Claire, Director of Social Services/SLC Unit Manager; Heidi Adams, Social Work Case Manager and Natasha Swihart, Social Work Case Manager.

Every month, we will include one of the Resident Rights or Responsibilities as written in Oakview's "Residents Rights and Responsibilities" policy. We want our residents and their families to know these important Resident Rights and Responsibilities. If you should have any questions about any of these, please don't hesitate to ask.

F. Self Determination. The resident has the right to, and the facility must promote and facilitate resident self-determination through support of resident choice, including but not limited to the rights specified in paragraphs (f) (1) through (11) of this section.

(5) The resident has a right to organize and participate in resident groups in the facility.

(iv) The facility must consider the views of a resident or family group and act promptly upon the grievances and recommendations of such groups concerning issues of resident care and life in the facility.

(A) The facility must be able to demonstrate their response and rationale for such response.

(B) This should not be construed to mean that the facility must implement as recommended every request of the resident or family group.

As the Ants Come Marching In.....

Please remember that with spring comes bugs. Pesky ants are already showing up. When keeping food or drinks in resident rooms you are inviting the little guys in. Make sure to keep rooms free of items ants are attracted to.
