

NOVEMBER

Oakleaf 2025

Mason County's
Oakview
MEDICAL CARE FACILITY

November is a time to pause, reflect, and appreciate the community we share at Oakview Medical Care Facility. This month, we look forward to seasonal activities and Thanksgiving celebrations, offering opportunities to connect with friends, family, and neighbors.

I want to thank our residents for their energy and engagement, our family members for their continued support, and our staff for their dedication to quality care. Together, you all make Oakview a welcoming and vibrant place to thrive.

Wishing everyone a safe, healthy, and enjoyable fall season.

**Jannice Lamm,
Oakview Administrator**

Fall is here and winter is on the way!

It is that time of year when we ask family members to do an inventory of their loved one's clothing. Please remove the spring and summer items and replace with items suitable for the cold and damp temperatures.

Many residents enjoy layering on top with a zip up sweatshirt, light jacket, or cardigan sweater. Most residents will also need a winter coat, boots, hat, and gloves to leave the facility with. Feel free to ask if you have any questions.

We appreciate your help!

Friendly Reminder

A reminder to all residents and families. Money can be kept in an individual account in the business office for safe keeping. Residents can get money out as needed and will be kept track of by the business office. To set one up please see the business office. As we all hope that our staff is trustworthy, there are times that items do come up missing. There are lockboxes available to lock up valuables. Also, any cash at hand should be kept to a minimum less than \$10). Should you notice something missing please report it to the Charge Nurse immediately, so it can be Investigated. -Thank you

Resident Appointments

Many residents leave the facility for a variety of medical, dental and vision appointments with the use of the Oakview bus. If needed, a staff member, not necessarily a certified nurse aide, is assigned to go along and assist with the transport such as walking with or pushing the wheelchair. To help prevent injuries for staff and residents, staff members will not physically lift or reposition a resident when out of the facility. Family members are welcome to transport their loved one to an appointment on their own or meet their loved one there.

Resident Outings

As a reminder, family members who take loved ones out of the facility for an appointment or to just spend quality time together, our staff will not be able to physically assist with a car transfer if the resident requires a mechanical lift within the facility. This is for the safety of the residents and staff members. It is possible, for a resident to fluctuate from day to day on the abilities to stand, pivot, and help with getting into a personal vehicle. It will be up to the family to decide on whether to proceed with the outing and manage the car transfer without staff assistance.

Dial-A-Ride is a great option for residents who leave the facility. Dial-A-Ride provides transportation services 6 days a week and at a minimal cost. We appreciate your understanding.

Maintaining Emergency Contact Information

Please notify Oakview of any changes to cell or landline phone numbers and addresses for anyone listed as emergency contacts. It is imperative for staff to have correct information at all times.

Also, please periodically check the number of saved voice messages on your cell phone to avoid your mailbox becoming full and Oakview unable to leave a message if needed.

Thank you for your help!

Happy Birthday!

Every month, we will include one of the Resident Rights or Responsibilities as written in Oakview's "Residents Rights and Responsibilities" policy. We want our residents and their families to know these important Resident Rights and Responsibilities. If you should have any questions about any of these, please don't hesitate to ask.

G. Information and Communication

(3) With the exception of information described in paragraphs (g)(2) and (g)(11) of this section, the facility must ensure that information is provided to each resident in a form and manner the resident can access and understand, including in an alternative format or in a language that the resident can understand. Summaries that translate information described in paragraph (g)(2) of this section may be made available to the patient at their request and expense in accordance with applicable law.

Resident of the Month for November is **Tom Mohr**

The annual carnival brought a wave of excitement and joy to residents, transforming an ordinary day into a vibrant celebration. Residents and staff played classic games and won prizes from the good ol days.

Many smiles and laughs were shared.
