

The Oakleaf

Oakview Medical Care Facility

March 2026

A Message from the Administrator

Dear Residents and Families,

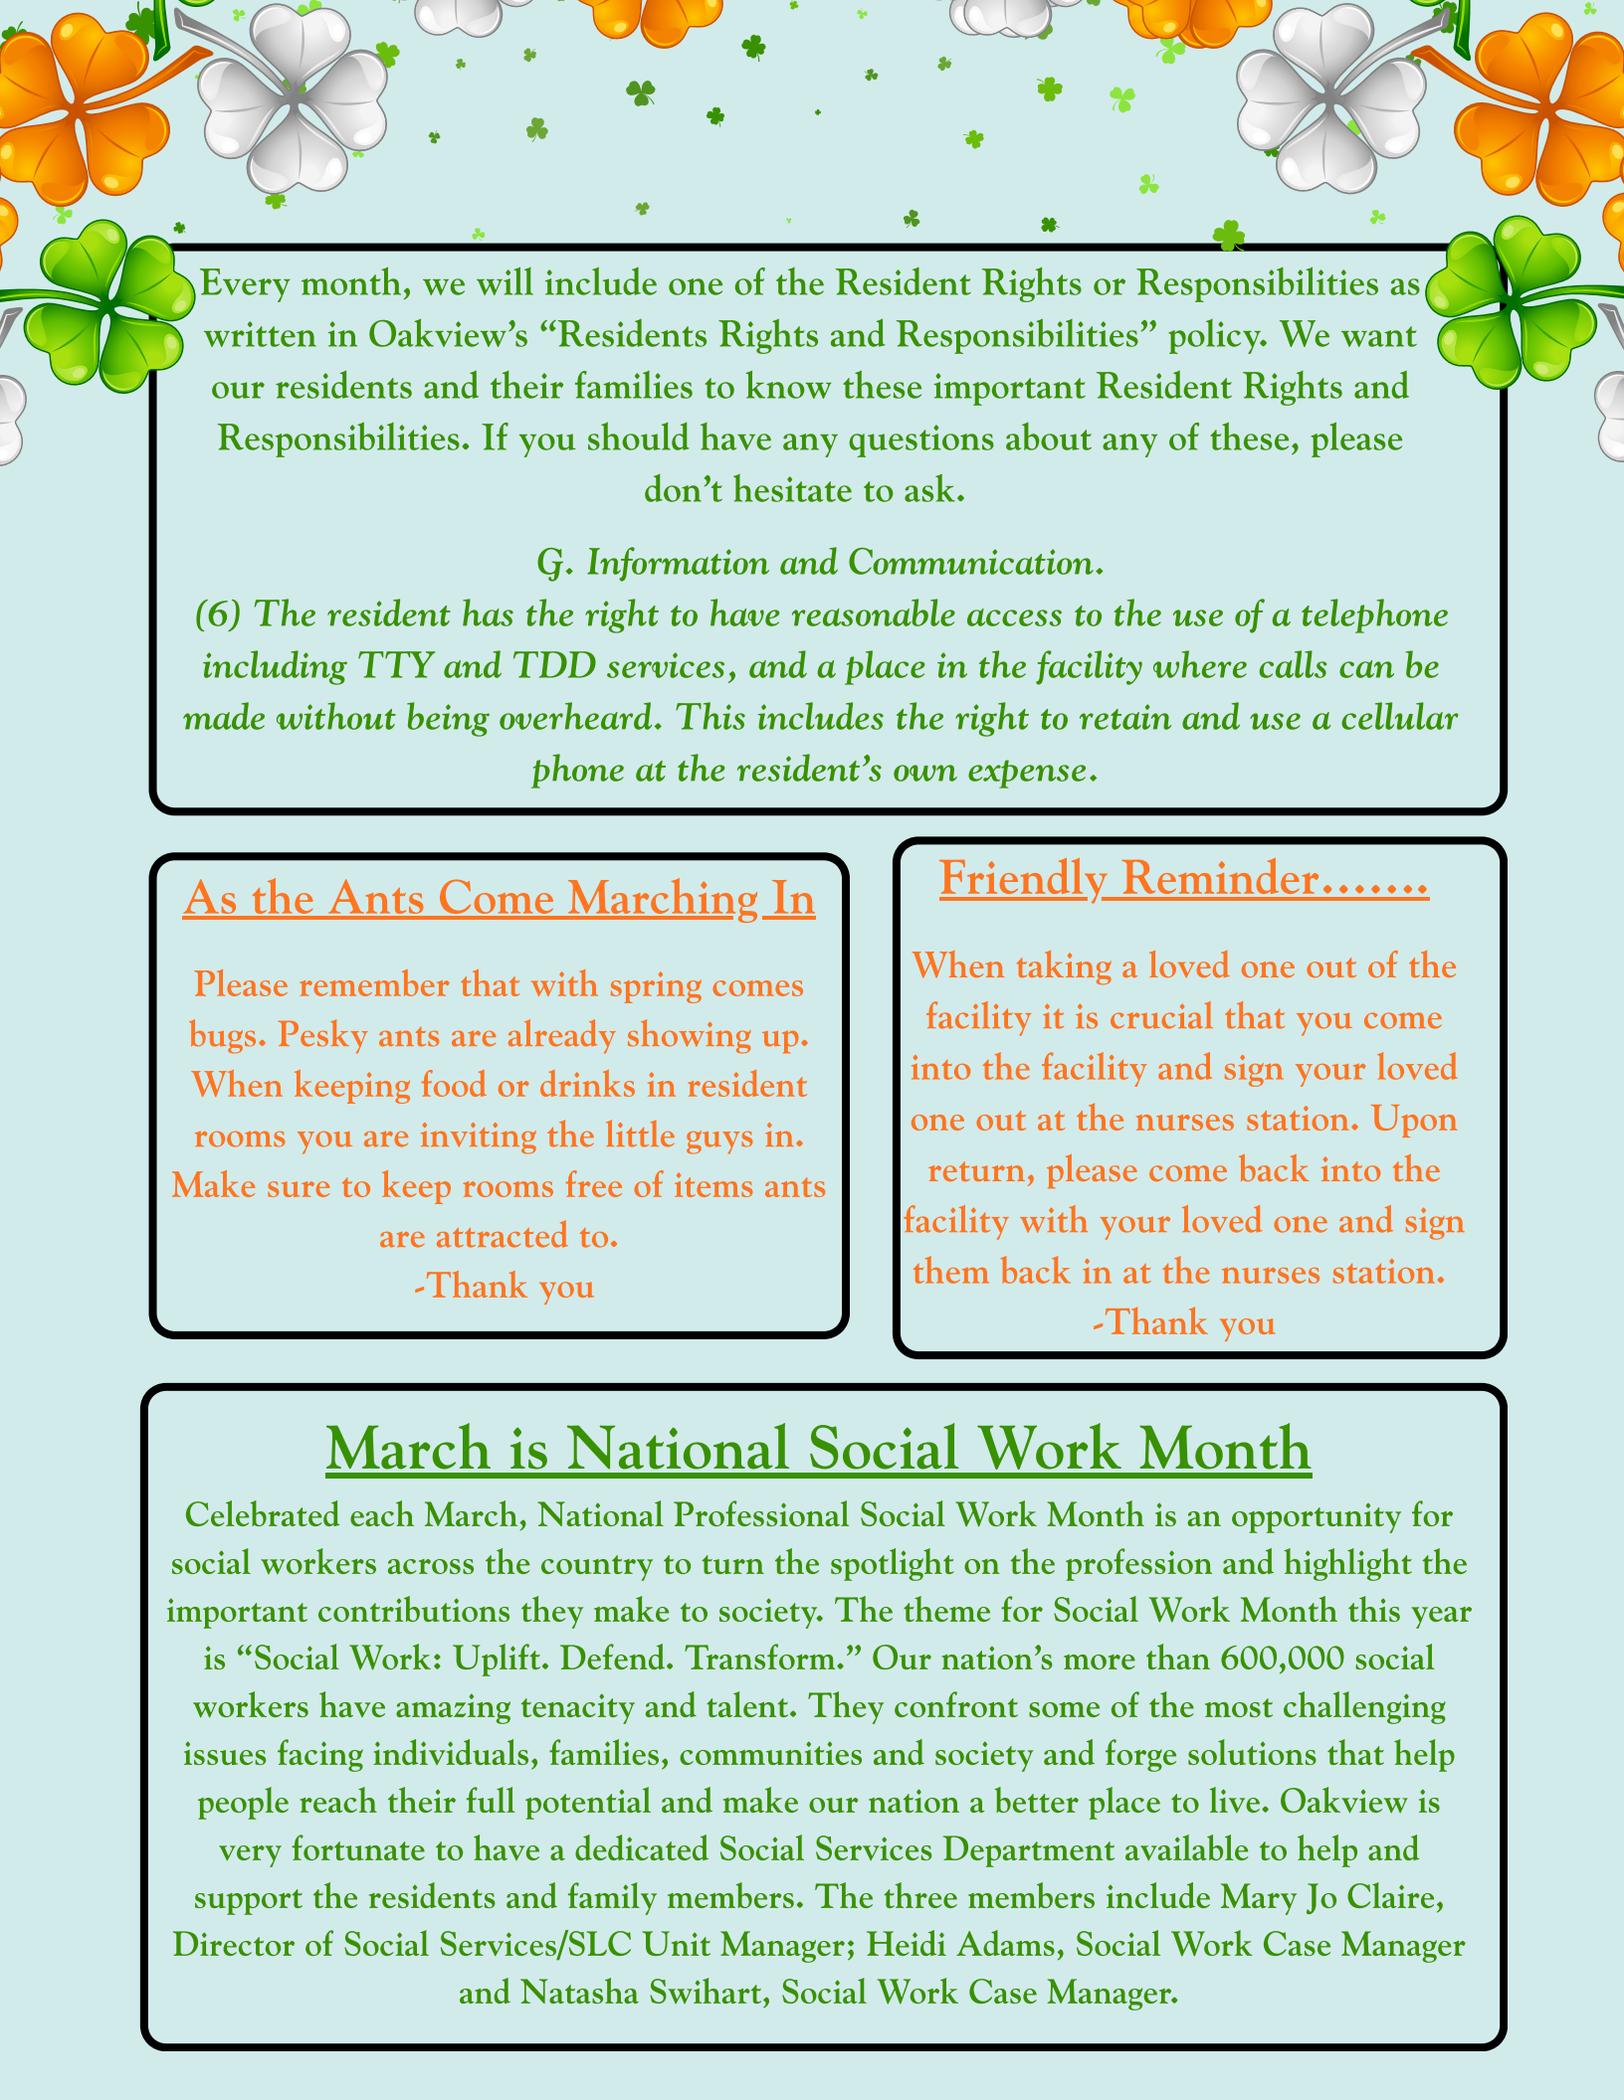

March is here, and with it comes the promise of spring and plenty of reasons to celebrate! We are looking forward to festive St. Patrick's Day activities, seasonal events, and opportunities for residents to spend time together enjoying music, crafts, and social gatherings.

I want to thank our residents, families, and staff for helping create such a warm and welcoming community. The smiles, visits, and shared moments each day truly make our facility feel like home. We look forward to a fun and active month ahead and hope you can join us for some of our upcoming events.

Wishing everyone a happy, healthy, and lucky March!

Jannice Lamm
Oakview Administrator

Every month, we will include one of the Resident Rights or Responsibilities as written in Oakview's "Residents Rights and Responsibilities" policy. We want our residents and their families to know these important Resident Rights and Responsibilities. If you should have any questions about any of these, please don't hesitate to ask.

G. Information and Communication.

(6) The resident has the right to have reasonable access to the use of a telephone including TTY and TDD services, and a place in the facility where calls can be made without being overheard. This includes the right to retain and use a cellular phone at the resident's own expense.

As the Ants Come Marching In

Please remember that with spring comes bugs. Pesky ants are already showing up. When keeping food or drinks in resident rooms you are inviting the little guys in. Make sure to keep rooms free of items ants are attracted to.

-Thank you

Friendly Reminder.....

When taking a loved one out of the facility it is crucial that you come into the facility and sign your loved one out at the nurses station. Upon return, please come back into the facility with your loved one and sign them back in at the nurses station.

-Thank you

March is National Social Work Month

Celebrated each March, National Professional Social Work Month is an opportunity for social workers across the country to turn the spotlight on the profession and highlight the important contributions they make to society. The theme for Social Work Month this year is "Social Work: Uplift. Defend. Transform." Our nation's more than 600,000 social workers have amazing tenacity and talent. They confront some of the most challenging issues facing individuals, families, communities and society and forge solutions that help people reach their full potential and make our nation a better place to live. Oakview is very fortunate to have a dedicated Social Services Department available to help and support the residents and family members. The three members include Mary Jo Claire, Director of Social Services/SLC Unit Manager; Heidi Adams, Social Work Case Manager and Natasha Swihart, Social Work Case Manager.
